NEWS BRIEF

GREEN VALLEY CIVIC ASSOCIATION

GREEN VALLEY PHARMACY UPDATE

Arlington's Historical Affairs and Landmark Review Board (HALRB) met on January 19, 2022, to determine a certificate of appropriateness (COA) for the Green Valley Pharmacy building. The COA applicant wants changes to the building to accommodate a halal grill restaurant. GV Pharmacy is part of a local historic district, so changes to the building must be approved by HALRB.

The Sun Gazette reported on the HALRB, the failure of Arlington County to inform the Green Valley Civic Association of the matter, and the GVCA response. Articles may be read here, here, here and here.

HALRB voted to allow certain changes, including pouring of a concrete driveway around the building, installation of an exterior walk-in cooler, and installation of planters and outdoor seating. HALRB did not approve of the COA-request to remove the chimney attached to the back of the building.

Newsy Neighbors

ABC7 News profiled Girls with Goals, an after-school soccer program at Drew. Catch the story here: https://wjla.com/news/local/arlington-program-girls-with-goals-soccer-association-drew-elementary-julie-curry

GV's New District Brewing is looking to start its own canning line for its beer. They are crowd funding the necessary machinery & are inviting the community to join in. Details and perks may be found here: https://www.indiegogo.com/projects/help-new-district-brewing-purchase-a-canning-line#/

Classes & Programs & Coaches

The Virginia Cooperative Extension program is offering programs that may interest GV neighbors (and they're free!)
